### Advanced Visual Arts [Mon & Wed, 10:30a - 12:00p]

For Members who are ready for more independent study. Students will be encouraged to pursue their favorite visual arts discipline: drawing, painting, sculpture, collage and mixed media.

### Art Appreciation [Tue & Thur, 1:00p - 2:00p]

A discussion class that explores developments in contemporary visual arts theory. Supplemented by video, critique and small group discussion. The purpose is to examine and critically analyze major forms of artist expression.. *Must be enrolled in an art class to attend.*

### Beginning Craft Studio [Fri, 9:00a - 10:30a]

A class to enjoy a variety of leisure crafts including needle crafts, copper tooling, paper crafts, stained glass, simple woodcrafts, drawing, and painting. Participants may choose their interests from a variety of options for individual involvement.

### Crocheting & Knitting [Fri, 9:00a - Noon] Classroom 2

Learn crocheting and knitting to make blankets, scarves, hats, etc. Most needle sizes available: must bring own yarn. *Participants need functional use of hands.*

### Drawing [Tue, 2:00p - 3:30p]

This course is for all levels and abilities. Visual expression through the exploration of various black and white media, still life, landscape, portrait, the human figure and other subjects will be drawn. Formal concepts such as line, texture, value and perspective will be explored through representational and abstract means.

**Intro Visual Arts** [Tue & Thur, 10:30a - 12:00p] Students will gain experience in a variety of visual arts and media, including drawing, painting, collage and mixed media. This class is project based to help the artist learn specific skills.

**OPEN Art Studio** [Mon, Wed & Fri]

For Members who are enrolled in one or more visual arts classes. It offers several hours of open studio time each week for students to finish/continue class projects and pursue individual interests.

**Open Glazing Studio** [Tues, 9:00a - Noon & 1:00p - 4:00p]

For advanced students to work on independent projects. Members are required to use their own supplies; firing provided by The Center.

**Painting** [Thur, 2:00p - 3:30p]

This course is an introduction to acrylic and watercolors with an emphasis of color mixing, painting techniques and composition. The purpose is to promote sensitivity to color interaction, advanced technical and compositional skills and provide a basis for growth and expression.

### **Premium Package**

**Advanced Ceramic Sculpture** [Fri, 1:00p - 2:30p]

For those who have completed two semesters of Beginning Ceramic Sculpture. Members will use slab, coil, additive and subtractive techniques to create sculpture.

**Beginning Ceramic Sculpture** [Mon, 1:00p - 2:30p ]

A great class for Members who like to make things with their hands. Learn hand building techniques including slab construction, coil building and additive/subtractive sculpture. Members will also glaze their own work.

**Beginning Glazing** [Mon, 9:00a - 10:30a]

Members will design patterns and apply glaze to greenware and bisque-ware ceramic items that come from molds, including vessel forms, decorative figurines and animals.

**Beginning Stained Glass** [Thurs, 9:00a - 12:00p]

Morning class for members learning to cut and grind stained glass to assemble and solder into a design.

**Intro. to Stained Glass** [Thurs, 1:00p - 4:00p]

Afternoon class for members learning to cut and grind stained glass to assemble and solder into a design.

**Sculpture** [Fri, 9:00a - 12:00p] A class for individuals who enjoy making things with their hands. Projects will be constructed with many different materials, including wood, plaster, papier-mâché, fabric, glass, and found objects. Prerequisite is one semester of art class.

## **Expressive Arts**

**Creative Writing - [Tue, 2:00p]**

Find your creative voice with our writing class. Participants will engage in individual & group projects sharing ideas & expressions to explore & develop personal creative writing skills & styles.

**Guitar Lessons - Small Group [Tue, 2:00p]**

Learn beginning skills for playing the guitar. Participants must have their own guitar and be able to be attentive and manage a group setting.

**Piano Lessons - Individual**

Learn beginning skills for playing the piano. Sessions are 20 minutes, once a week. Use the Center's piano to practice other days of the week. *Limited space available. Session time must be established prior to enrollment.*
